TELEGRAPHIC.

WINNIPEG, July 10th.

W. F. Luxton has sued the Portage Liberal for libel. Damages are laid at $5,000.

The time for making entries for the Winnipeg exhibition has been extended to the 13th.

The Vancouver waterworks was disabled recently and for several days the price of water was 25c per pail.

It is said that the Great Northern will reduce its St. Paul to Puget Sound rate to $10 shortly and that the C. P. R. will follow suit over its Soo line.

It is said that farmers and others at country points have been disposing of Commercial bank bills at a heavy discount, not being aware that they were good for their face value.

The skeleton of a man has been found on the prairie a few miles from Qu'Appelle. It is supposed to be the remains of Jack Lee, who disappeared so mysteriously from Qu'Appelle last winter.

BATTLEFORD, July 10.

Mr. Henry Wyld of Wetaskiwin is here.

Mr. Paul is in town buying cattle for Ironside of Manitoba.

Dr. Pare returned from the east to-day after nearly two months absence.

Mrs. Wyld and her father Mr. A. R. Wardell went east to Ontario on last stage.

The ferry scow at Pitt got away during the high water and will likely reach Battleford to-day.

W. G. Barker has the contract of supplying beef to the industrial school and police detachment here.

Miss Cooper arrived from Scotland on Tuesday and was met at Saskatoon by her father whom she had not seen for 25 years.

C. Sandison, of Edmonton passed Pitt on Thursday last with barge loads of coal for the industrial school. He is expected to reach here to-day.

LOCAL.

THREE lots of fur were purchased by the H.B.Co., last week.

A HAMELIN, trader of Lac la Biche, is in town with his winter's trade of fur.

SIXTY-TWO homestead entries were made in the Edmonton land office during June.

MISS HENRY, sister of W. T. Henry, merchant, Edmonton, arrived from Calgary on last Monday's train.

C. C. MAXFIELD of Sturgeon river had barley heading out on July 4th, the stalks of which were 36 inches in length.

F. W. BATTRICK, who will have charge of the Methodist mission interests in the Sturgeon settlement, arrived on last Thursday by trail.

J. JONES is erecting a dwelling 18x14, story and a half high on Fourth street, H. B. reserve, between Victoria and McKay avenues.

MRS. P. V. Gauvreau and three children, returned from a long visit to Rimouski, Quebec, Battleford and Regina, on the train of Thursday last.

A PAIR of young silver foxes, brought to Edmonton by some of the Chipewyans from Lake Athabasca, were purchased by G. W. Hislop. They are about six weeks old and very tame.

REV. W. W. Adamson, Methodist missionary at Victoria, left on Friday's train for Macleod, in which vicinity he has been stationed. He was accompanied by Mrs. Adamson and children.

A. M. CAMPBELL, principal of the Edmonton public school leaves to-morrow for Regina to assist at the examination of papers of candidates for teacher's certificates and high school entrance.

NOTICES of homestead cancellation posted last week were Jacob Muller, June 26th, s. e. qr. sec. 20, tp. 52, range 1, west 5th meridian. F. X. Bovin, July 6th, s. e. qr. sec. 32, tp. 54, range 23 west of 4th meridian.

LAST week Isaac Cowie, agent, sold for J. A. McDougall 220 acres of unimproved land adjoining the north line of the Indian reserve, South Side, to Bernard Assendrup, recently of Palouse, Washington, for $5 an acre.

A PARTY of settlers from Parry Sound arrived on Thursday's train, and were met at the station by T. G. Pearce, who conducted the first colony of last year. They were Mrs. H. Irwin and family, E. Kennedy and family, A. Gray and family and Messrs. W. Mathews and S Wallis. H. Irwin will arrive on next train, having been compelled to stop off at Winnipeg to rest a car of sheep which he is bringing through.

A CRICKET match between the Edmonton old timers and the Fort Saskatchewan cricket club came off at Fort Saskatchewan on Friday last and resulted in favor of Edmonton by one run and two wickets. The Edmonton team was composed as follows: Dr. Wilson, W. S. Edmiston, St. Geo. Jellett, W. H. McMahon, A. Pattison, E. Looby, Jas. Goodridge, Rev. C. Cunningham, J. F. Adamson, J. C. C. Bremner and W. Fielding.

THE erection of Partridge Hill public school district is proclaimed in the Northwest Gazette of July 1st. The district comprises: Sections 1, 2, 11, 12, 13, 14, 23 and 24, in township 54, range 22; and sections 5, 6, 7, 8, 17, 18, 19 and 20, in township 54, range 21, all west of the fourth meridian. The first school meeting of the ratepayers was held on Tuesday, 30th May, 1893, at the residence of A. Peebles, when Charles Flintoff, Albert Peebles and Henry Quebec were elected trustees.

ABOUT a dozen tents of Iroquois half breeds from Jasper house have arrived and are camped on the flat below the H. B. Co. fort, awaiting the result of their request for scrip. They have come about 200 miles and if they have to remain long in Edmonton, even if they get scrip they will be out of pocket by the trip. It is difficult to see how they can be refused, and quite as difficult to see how all the preliminaries necessary to the issue of the scrip can be gone through with so that they can receive it without expensive delay.

EUSTACE and Joseph Ledouceur, traders of Lac la Biche, are in town with their winter's trade of fur for sale.

MISS Minnie Fulton, of Canmore, arrived by Thursday night's train and intends spending her vacation with Mrs. P. M. Ross.

GLOVER & ANDREWS, of the Pioneer Music store, have leased Ross Bros.' old store, opposite the BULLETIN office, and are fitting it up in good style.

THE government sections in the vicinity of Big Egg lake, eighteen miles north of St. Albert, have been withdrawn from sale or homesteading, as being petroleum lands.

M. MCKINLAY, of Sturgeon settlement has been appointed purchasing agent of the patrons of industry for the north side of the river, and R. Dinwoodie for the south side.

F. MARRIAGGI has ornamented the front of his premises with a row of spruces set at the outer edge of the sidewalk, sheltering the front of the Alberta from the heat of the sun.

THE Salvation army opened fire in Edmonton for the first time on Thursday evening, in the building adjoining the post office. There was a good attendance on that and succeeding evenings.

THE patrons of industry have arranged to procure binding twine this season from Graham of Portage la Prairie at 10½c per pound for red cap and 11½ for blue ribbon, against 12½c last year.

MESSRS. W. H. Carson, J. A. Carson and S. Carson and Miss M. Maxfield, Miss Priscilla Maxfield, and Miss Laura Maxfield of Sturgeon settlement have gone on a camping tour to the Athabasca Landing.

STEPHEN HILL'S house on Stony Plain was struck by lightning on Thursday July 6th. The lightning came in under the door, splintered the floor, perforated several tin pans and broke some crockery which was in a packing case, melted a small bead on one of the legs of the stove, stunned Mr. Hill, and passed out at the rear of the house. Mr. Hill was not seriously injured.

M. VANRAEMDONCK, a Belgian gentleman who is making a tour of America, arrived on Thursday's train and is spending a few days in visiting the Edmonton district before proceeding to Alaska. He spent some time in Regina and Calgary, and was particularly well pleased with the latter place, its appearance and prospects. Of the trip to Edmonton, he complains that the railway charges the highest possible passenger rates and gives the poorest possible passenger service. He is of opinion that as the country improves the railway service should improve, for if the railway service does not keep up with the growing demands of the country, it becomes a drag upon that progress. Mr. VanRaemdonck is a member of a provincial legislature in Belgium, and has travelled extensively in the United States in former years, but this is his first trip to the Canadian West.

A MEETING of the directors of the Edmonton Agricultural society was held on Saturday, 8th July, to consider the advisability of securing an exhibit to Winnipeg Exhibition, when it was decided that owing to the early date at which the Exhibition is held it was not advisable to take part in the same, as it would be impossible to do the district justice this season. It was decided to ask Mr. L. A. Hamilton for a car and passes for at least three representative farmers for the purpose of showing what this country can produce. Cwts. collections of grains and grasses were made last year by the C.P.R., through Messrs. Fitzgerald & Lucas the collection was made at too early a date and in too hurried a manner to do justice to this, the most productive district in the North West, and should the C.P.Ry. grant the request of the Agricultural Society there is not the slightest doubt that they will carry the matter through in a business-like manner and make a thorough success of it.

REV. D.G. McQUEEN returned on Monday last by rail from his visit to the Presbyterian missions along the line as far as Olds. The country around Olds is settling rapidly. The Nebraska colony which came in the spring seem to be good rustlers and are in good circumstances. At Innisfail considerable building was going on, and at Wavy lake, east of Innisfail, crops were excellent. Red Deer was not moving rapidly, the complaint being that most of this year's immigration passed through to Wetaskiwin and Edmonton. Mr. McQueen saw the alleged Jew colony which was brought to Red Deer, and was not favorably impressed by their appearance. Lacombe is growing and the country around is settling up. The dispute between Barnett, who owned land adjoining the townsite, and the railway company, has been settled by Barnett giving half his land and the company adhering to the present location of the town. Nothing is doing at Battle River station, but a large Swedish settlement is being formed at Red Deer lake, east of Battle river, which may tend to start business at Battle river. The great drawback is that a large block of Indian reserve occupies the land from Battle river north nearly to Wetaskiwin and thereby prevents settlement. Wetaskiwin is growing rapidly, and the country around becoming well settled. This bids fair to become the best place on the line between Edmonton and Calgary.

THE following candidates for teachers' certificates wrote during the past week at the Edmonton public school: For first—L. E. Dimsdale; for second—Misses Dobson, Mason, Lindsay and Timney, and Messrs. J. D. Foster and W. F. Patterson; for third—Miss Ida Trimble and Miss K. McCartney; for promotion examination from 5th to 6th standard, which requires the same examination as the 3rd class teachers—Misses Annie Robertson, Sarah McKinlay, and Maggie Young, and Messrs Ralph Bellamy and Geo. Tate.

Public Notice.

Notice is hereby given that an application will be made to the legislative assembly of the Northwest Territories at its next session for an ordinance ratifying and confirming a certain agreement made between the Municipality of the Town of Edmonton, and the Edmonton Electric Lightning and Power Company Limited, dated the 17th day of May, 1893, (which may be perused upon application at the office in Edmonton of either the Municipality or the Company) and authorizing and empowering the Company to issue debentures to the amount of $10,000 and the Town to guarantee the payment thereof according to the said agreement; and authorizing the Company to execute a mortgage or mortgages indemnifying the Town against such guarantee and exempting such mortgage or mortgages so far as property not subject to the Territories Real Property Act is affected from compliance with the provisions of "the Bill of Sale Ordinance"; and declaring that the power of the Town to borrow or contract debts shall not be affected by any such guarantee given by the Town.

Dated thi 14th day of May, A. D., 1893.

BECK & McNAMARA,
Advocates for the applicants.

BY-LAW NO. 48.

A By-Law to provide for borrowing the sum of $15,000 upon the credit of the Municipality.

Whereas it is expedient that there should be raised by the Municipality of the town of Edmonton the sum of $15,000 to enable the Municipality to erect a fire hall, to purchase certain fire apparatus required for the use of the Municipality and provide means for a suitable supply of water for purposes of fire protection.

And whereas the value of the rateable property in the Municipality, according to the last revised assessment roll is $664,364.00.

And Whereas the amount of the existing debt of the Municipality, other than for current expenses, is $19,500.55 (incurred in respect of local and permanent improvements) and $763.30 for interest thereon making together $20,263.85 whereof no part is in arrear.

And whereas it is expedient to borrow the said sum of $15,000 by the issue of debentures, the principal whereof shall be repayable in 20 years from the date on which this By-law takes effect and which shall bear interest in the meantime payable half yearly at the rate of five per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of $15,000 by means of a sinking fund as aforesaid, and the interest thereon as aforesaid is $1,203.65.

And whereas the annual special rate on the dollar required as being sufficient to pay the said interest and to create the said yearly sinking fund for the paying of the principal is one mill and eighty-two one hundredths of a mill.

Therefore the Municipality of the town of Edmonton in council assembled enacts as follows:

(1) This By-law is to take effect on the second day of July, 1893.

(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the said sum of $15,000 and may issue debentures of the Municipality in sums to that amount not less than $500 each, and repayable within 20 years from the said 2nd day of July 1893, with interest at the rate of five per cent per annum, payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the said principal sum of $15,000, a special rate of one mill and eighty-two one hundredths of a mill on the dollar, over and above all other rates and taxes shall be levied (in the same manner and at the same time as the general municipal taxes) upon the whole rateable property in the Municipality in each year for the period of 20 years from the said 2nd day of July, 1893, being the period during which the said debentures will run.

(4) Wednesday the 10th day of May, 1893, between the hours of 9 o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for taking the votes of the electors for and against this proposed bylaw.

(5) A. G. Randall is hereby appointed returning officer and J. R. Michael deputy returning officer to take the votes at the said time and place,

(6) Wednesday the 10th day of May, 1893, at the hour of 6 o'clock in the afternoon at the town clerk's office, Edmonton, is hereby fixed as the time and place when and where the returning officer shall sum up the number of votes given for and against this proposed by-law.

Provisionally adopted in council this 12th day of April, 1893.

(sd) M. McCAULEY,
(L. S.) Mayor.
(sd) A. G. RANDALL,
Clerk.

Finally passed in Council this 26th day of May, 1893.

(sd) M. McCAULEY,
[L. S.] Mayor.
(sd) A. G. RANDALL,
Clerk.

Assented to, this twelfth day of June, A. D., 1893.

J. ROYAL,
(L. S.) Lieutenant Governor of the Northwest Territories.

NOTICE.

The above is a true copy of a By-Law passed by the Municipality of the Town of Edmonton on the 26th day of May, A. D., 1893, and approved by His Honor the Lieutenant Governor-in-Council on the 12th day of June, A. D., 1893, and all persons are hereby required to take notice that anyone desirous of applying to have such By-law or any part thereof quashed must make his application for that purpose to the Judge of the Supreme Court within three months next after the third publication of this notice, or he will be too late to be heard in that behalf.

BRICK BUILDINGS.

Now that Edmonton is assured of a plentiful supply of good brick at a reasonable price is a good time for people who intend to build to count the cost of wood and brick respectively in all its aspects. Although the brick building has a greater first cost than the wooden one, everyone admits that it is a better building in many ways. It is more easily heated, costs less for repairs, looks better itself and adds more considerably to the good and substantial appearance of the town. But the great advantage in favor of brick is in insurance rates. In these days insurance is practically a business necessity. The cost of insurance is as much an item in the merchant's expenses as his freight bill is. To insure a wooden building and its contents costs very much more in any case than a like insurance on a brick building and this increased cost goes on year after year as long as the building exists and business is carried on in it, the difference in yearly cost of insurance making much more than the interest on the increased cost of the brick building would amount to. But even this is not where the great and chief advantage of the brick building lies. The great advantage of a brick building, fulfilling certain specifications is that the rate on it is not increased by adjoining risks, while the rate on a frame building is increased by every adjoining risk, for an indefinite distance,—adjoining meaning not being separated by a clear space of 66 feet, or by a solid brick wall. The owner of a brick building pays only the low rate which is demanded from his building and business, while the owner of a frame building pays not only a much higher rate on his own building but his rate is increased by every building in the range on either side of him. While the brick building pays only a certain low fixed rate, the rate on the frame building is increased by every improvement of a like kind that is made on the street and block on which it is. It will thus be seen that buildings for business purposes—which must be close adjoined by other buildings or they are not suitable for business—are at such a material disadvantage in this matter of insurance that the difference between the rate on a frame building with a valuable stock and a similar brick building with like stock would be a fair profit in each year. The figures in a single case will show the great advantage of brick over frame. At present a certain business building in town pays per year $5.50 for every hundred dollars of insurance carried on the building, $4.20 on every hundred dollars of insurance on the machinery contained, and $3.95 on every hundred dollars of insurance on stock. If the building were brick the rates would be $1.50 per hundred dollars on the building, $1.65 on the machinery and $1.40 on the stock. If steam power were used to drive the machinery the proportionate cost against the frame building would be still further increased. And be it remembered that the above is not by any means the maximum difference between the cost of insuring wood and brick. Even as above the business man occupying a wooden building is paying from 2½ to 4 per cent more on his whole insurance than he would if occupying a brick building.

THE OTTAWA DELEGATION.

The Winnipeg Tribune has the following telegram dated Ottawa July 4th regarding the Alberta delegates:

The Northwest delgation have left here, and arranged with Daly to meet him on Tuesday next at Port Arthur on his way to the Pacific coast. The minister and party intend going straight to the Pacific coast, and will take in Manitoba and the Northwest on their return.

Mayor McCauley, of Edmonton, is now in western Ontario, and Mayor Lucas, of Calgary, left last night for Toronto. Davis, M. P., and Mayor Beatty, of Lethbridge, left this morning for Ogdensburg to spend the Fourth, and will meet the other delegates in Toronto, afterwards proceeding together by boat from Sarnia to Port Arthur, where they will join Daly's private car. The delegates express themselves as fairly well satisfied with the results of their mission, but admit that nearly all they got in premises from the interior department was obtained at the point of the bayonet. They are particularly delighted with Comptroller Wallace, who has given them all that they pressed for. Wallace has done remarkably well by the delegation. He has informed them that several important changes will be made in the direction which they have pointed out to him. The obnoxious customs regulation, which demand, for instance, that all incoming settlers from the United States must own their stock for one year or so before they leave, will be cancelled at once. A port of inspection will also be located at St. Mary's, near the boundary line. This will be a great convenience to those bringing in their effects. In the meantime immigrants have to go in many cases a hundred miles to get a customs' officer and then to be told to drive back their cattle to put them in to quarantine. Daly has promised to look into irrigation and the general immigration question on his return journey from the coast. Some very convincing figures were given him to show that the results of the work of his immigration agents in the United States were not satisfactory. For instance Lucas showed that forty per cent of the whole immigration from the United States to the Northwest last year was brought into the country by the firm of Fitzgerald & Lucas, at Calgary, at the nominal cost of about $400, while it cost the government about $20,000 to bring the balance. This seemed to be satisfactory proof that the policy the government was pursuing was not giving the results it ought to. Lucas showed by the government's blue books that his figures were correct.

The delegates also called the attention of Mr. Daly to the fact that Captain Holmes, immigration agent, was now operating among Russian Jews and sending them from Chicago to the Calgary districts. They are, the delegates say, a most undesirable class of settlers. Although only a few days from their homes they have commenced robbing one another, and two of them are now in the lockup at Calgary. Captain Holmes was telegraphed for by the department and arrived here last night. He says that he sent sixteen families from Chicago out of 800 who were there, but he did not know that they were Jews. They told him they were acquainted with agricultural pursuits, in which they had been engaged in Dakota. The delegates intend again pressing all their demands upon the minister and they are hopeful of being in the end successful. The attack on the delegates by the government press bureau has not depressed their ardor.

Whereas it is expedient that there should be raised by the Municipality of the town of Edmonton the sum of $15,000 to enable the Municipality to erect a fire hall, to purchase certain fire apparatus required for the use of the Municipality and provide means for a suitable supply of water for purposes of fire protection.

And whereas the value of the rateable property in the Municipality, according to the last revised assessment roll is $664,364.00.

And Whereas the amount of the existing debt of the Municipality, other than for current expenses, is $19,560.55 (incurred in respect of local and permanent improvements) and $703.30 for interest thereon making together $20,263.85 whereof no part is in arrear.

And whereas it is expedient to borrow the said sum of $15,000 by the issue of debentures, the principal whereof shall be repayable in 20 years from the date on which this By-law takes effect and which shall bear interest in the meantime payable half yearly at the rate of five per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of $15,000 by means of a sinking fund as aforesaid, and the interest thereon as aforesaid is $1,203 65.

And whereas the annual special rate on the dollar required as being sufficient to pay the said interest and to create the said yearly sinking fund for the paying of the principal is one mill and eighty-two one hundredths of a mill.

Therefore the Municipality of the town of Edmonton in council assembled enacts as follows:

(1) This By-law is to take effect on the second day of July, 1893.

(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the said sum of $15,000 and may issue debentures of the Municipality in sums to that amount not less than $500 each, and repayable within 20 years from the said 2nd day of July 1893, with interest at the rate of five per cent per annum, payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the said principal sum of $15,000, a special rate of one mill and eighty-two one-hundredths of a mill on the dollar, over and above all other rates and taxes shall be levied (in the same manner and at the same time as the general municipal taxes) upon the whole rateable property in the Municipality in each year for the period of 20 years from the said 2nd day of July, 1893, being the period during which the said debentures will run.

(4) Wednesday the 10th day of May, 1893, between the hours of 9 o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for taking the votes of the electors for and against this proposed bylaw.

(5) A. G Randall is hereby appointed returning officer and J R. Macleod deputy returning officer to take the votes at the said time and place.

(6) Wednesday the 10th day of May, 1893, at the hour of 6 o'clock in the afternoon at the town clerk's office, Edmonton, is hereby fixed as the time and place when and where the returning officer shall sum up the number of votes given for and against this proposed by-law.

Provisionally adopted in council this 12th day of April, 1893.

(-d) M. McCAULEY,
(L. S.) Mayor.
(-sd) A. G. RANDALL,
Clerk.

Finally passed in Council this 26th day of May, 1893.

(-d) M. McCAULEY,
[L. S.] Mayor.
(-d) A. G. RANDALL,
Clerk.

Assented to, this twelfth day of June, A. D., 1893.

J. ROYAL,
(L. S.) Lieutenant Governor
of the Northwest Territories.

NOTICE.

The above is a true copy of a By-Law passed by the Municipality of the Town of Edmonton on the 26th day of May, A. D., 1893, and approved by His Honor the Lieutenant Governor-in-Council on the 12th day of June, A. D., 1893, and all persons are hereby required to take notice that anyone desirous of applying to have such By-law or any part thereof quashed must make his application for that purpose to the Judge of the Supreme Court within three months next after the third publication of this notice, or he will be too late to be heard in that behalf.

Petroleum! PETROLEUM
For some months past it has been know that an important discovery of indications of Petroleum, had been made at Egg Lake, about 18 miles northwest of
Fort Saskatchewan
Some believed it and others did not. However, Mr. J. B. Tyrrell, of the Dominion Government Geological Survey, has visited the Lake, and satisfied himself that there are ample indications to warrant development operations being begun. (Vide, Edmonton "BULLETIN," of 1st Instant.) This being so—what do the Dominion and Territorial Governments, and also the Canadian Pacific Railway, propose doing about it? And when? All three are equally interested. It is the duty of every person in Northern Alberta to make the most of such an important discovery of mineral wealth in our district, and to keep things agitated until something is done to develop—or are we all dead to the advantages to be gained?

NORWOOD, MINNESOTA.
June, 23rd 1893.

T. G. PEARCE, Esq.,
Colonization agent,
Agricola, Alberta.

DEAR SIR:

Allow me to thank you most heartily for the kindness shown and the many favors extended to our party. Our trip to Alberta from Minnesota will ever be one of the brightest remembrances to me.

I could hardly believe your enthusiastic description of Alberta, I went to see for myself. To say that I found everything just as you represented it would be expressing it mildly, it far surpasses what I expected, I would hardly believe that so far to the north such a fine country was lying, but from what I saw and heard I know that latitude does not always make a climate.

As to the land, I truly believe that there lies none richer under the sun, the fine herd, of fat cattle we passed on the road attesting to the nutritiousness of the grasses and the fields of grain and timothy gave witness to the richness of the soil.

On our whole trip from Minnesota here I saw no grain to equal what I saw in the Edmonton district. I went to Alberta with no special intentions but just to see the country, but I have bought some land and hope at some future time to make it my home.

The courteous treatment extended to all new comers by the Dominion officials and the C. P. R. authorities I must also remark upon.

At Winnipeg a fine building is erected and furnished solely for the use of immigrants. I do not know of any such institution in the United States.

Here the weary immigrant is received and he finds every accommodation. There are in the basement the washing rooms where all the soiled clothes can be washed, bathing rooms for both sexes, as also sleeping rooms upstairs. Even a medicine room is there, a doctor visiting the building every day. The strictest attention is paid to the preservation of order and cleanliness and the rules of the establishment are always enforced.

I must now close, hoping to see you soon, and remain

Yours very truly,
ALBERT MEYER.

THE COMMERCIAL BANK.

The Winnipeg papers of July 3rd contain fuller particulars regarding the failure of Commercial bank. The approximate statement of assets and liabilities issued by the directors is as follows:

Liabilities—		
Notes in circulation		$400,000
Deposits		800,000
Loans from the Merchants' Bank of Canada		170,000
		$1,370,000
Assets—		
Deposits with the Dominion government	$ 19,750	
Specie, Dominion notes and notes and cheques of other banks	31,612	
Balances due by other banks	59,000	
Debentures	53,674	
Real estate and mortgages	53,280	
Bank premises	18,500	
Loans and discounts, current and overdue, of which the nominal and face value is the amount set opposite this item, a large part of which is at present uncollectable and a considerable part of which cannot be collected	750,000	
	$1,981,116	

Winnipeg, July 3, 1893.

Under the banking act, passed in 1891, claims are met in the following order: (1) Redemption of bills. (2) Claims of Dominion government. (3) Provincial government. (4) Depositors. (5) Shareholders. There are no Dominion government funds in this case, but $85,000 of the provincial purse in said to rest with the Commercial. In case of deficiency in meeting demands the shareholders are liable to be called on for double the amount of their stock. According to the last government blue book giving the list of shareholders in the chartered banks of the Dominion of Canada the number of shares held in the Commercial Bank of Manitoba was 7,405; the amount paid $552,450, and the amount subscribed $740,500. The value of a share is $100. Old settlers, old H. B. officials or their widows, and old Red River settlers' estates are very much interested, and as a consequence there will be much anxiety and perhaps not a little suffering.

According to the government statistics the amount for loans to directors is placed at $87,000. A director of the bank to'd a Tribune reporter that he understood that the amount was largely loaned to the president as he did not know of any other director having got any large loan. In addition to this a Tribune man was informed by a director that he understood the president's account was overdrawn to the extent of about $40,000. Another interesting circumstance that was learned was that one director had subscribed for some $4,000 worth of stock, and while he had never paid a cent thereon, he had succeeded in getting a loan from the bank. The Merchants bank applied to have F. W. Ferguson and I. M. Ross appointed as provisional liquidators, which was done. The Merchants bank will carry on the branches of the Commercial at country points in Manitoba. The failure of the bank seems to have been precipitated by a law suit brought by the bank against R. T. Rokeby, formerly assistant manager, to recover some accounts due by the latter. Rokeby defended the suit, which compelled the public examination of the present officers of the bank as to its affairs. The facts thus divulged led to a withdrawal of the public confidence and started the run which caused the suspension. There is little doubt that this was Rokeby's intention in defending the suit, although he denies it.

Peer of the Realm.

PEDIGREE

(5882) color, bay; four white feet; star on face; bred by John Sleigh, Strichen, Miane Strichen, Aberdeenshire; imported August, '84. Sire, British Empire (1599). Dam, Bess of Strichen (3222). Sire of Dam, Old Times (578) by Lord Raglan (402) by Old Clyde alias Clyde Boy (574) by Scotchman (754).

DESCRIPTION.

Peer of the Realm is a beautiful rich bay, 16 hands 3 inches high, with a round compact body, short, flat-boned, muscular legs, nicely feathered. He has large circular feet of good quality, oblique pasterns, excellent action and mild temper. Peer of the Realm was shown at the spring show of the Royal Northern Agricultural society, held at Aberdeen, February 1884, where he gained the first prize, and was awarded the Kincardineshire premium, (£100) where he travelled the season 1884. Since being imported he won the second prize at the Dominion exhibition held at Ottawa in September, 1884, also first prize at the Clarke Agricultural show, and the first at the Darlington Agricultural show in 1885 and second in 1886. Also took the prize at Toronto Industrial, 1886, and Guelph Provincial Exhibition, 1886. First at Bathgate, N. B., at both spring and fall shows 1887.

FREE SETTLERS' EFFECTS.

This is the circular issued by the customs department regarding the entry of settlers' effects in Manitoba and the Northwest: A settler taking up 160 acres of land in Manitoba or the Northwest Territories may bring in free of duty the following stock: If horses only are brought in, one to each ten acres, sixteen allowed; if cattle are only brought in one to each ten acres, sixteen allowed; if sheep only are brought in one to each acre, 160 allowed; if horses and cattle are brought in together, sixteen allowed; if sheep and swine are brought in together; 160 allowed; if horses, cattle, sheep and swine, same proportions as above to be observed. According to the quantity of land taken up the number of animals to be admitted on the above basis will vary in different cases. In order to meet cases of intending settlers arriving at the frontier with live stock and not having selected their homestead or other holdings, you are instructed that only the number of animals herein mentioned for a homestead of 160 acres can be permitted to pass beyond the boundary free of duty with such intending settlers. If he brings with him more than that number of stock and states his intention of taking up sufficient land to justify free entry of such greater numbers, he must pass a regular entry for duty for all stock in excess of the number admissible to a homestead. So soon as he signs with the collector at the port of entry documentary evidence showing he has taken up such greater quantity of land, such evidence must immediately be forwarded to this department with refund claim papers, on receipt of which the duty so paid will be refunded. It must be remembered that all cattle are subject to quarantine regulations in force at the date of their arrival in the Dominion.

GENERAL NEWS.

The Northern Pacific railway company has offered to give $200 towards the construction of a traffic bridge across the Souris river at Wawanesa, providing the proposed flour mill is built there.

Admiral Tyron who went down with his ship the Victoria during the manœuvre of the fleet in the Mediterranean, did about the the last thing he could under the circumstances. If he had not been drowned he probably would have been court martialed and shot for having given the order which caused the disaster.

There seems to be trouble in the immigration department, Ottawa, about the colony of Chicago Jews recently imported to Red Deer. Captain Holmes, who seems to have fathered the scheme, declares the people are not Jews but Austro Hungarians, that they are not paupers and are able to pay their way. As to the former part of the statement all who have seen the people agree that it is a falsehood, and as to the latter part, they may be able to pay their way but they certainly are not willing. D. W. Davis, M. P., has put himself on record as being opposed to them.

Free Press: D. W. Davis, M. P., Mayor Lucas, of Calgary, and Mayor McCauley, of Edmonton, left for home to-night via Toronto and the lakes, having completed their business with the government. They say they are well satisfied with the result of their mission, and believe much has been accomplished. Mayor Bently, of Lethbridge, remains here a day or two longer. The deputation have urged an extension of the emigration work in the Western States, particularly Washington, Idaho, and Oregon, a mileage rate for immigrants from the west uniform with that from the Eastern States, namely, a cent a mile and rebate to those who paid higher, encouragement of sheep farming, construction of irrigation works, etc., by making land grants to companies already incorporated.

The McCarthyites will begin the publication of an organ at Orangeville, Dufferin County, Ontario, this week called the "Banner," with B. McQuire as editor. It will boom the candidacy of Dr. Henry as a McCarthy nominee.

Calgary Herald, July 5: The train for the north this morning took out a large number of passengers. In fact the one first class coach was very much overcrowded, the same state of affairs prevailing in the second class carriage, while the car platforms and steps were loaded down with passengers. This naturally caused much inconvenience, and some provision should be made by the railway officials in cases of this kind for attaching an extra coach. It was hard to find room for the great quantities of baggage that was put on board.

EDMONTON BULLETIN JULY 13TH, 1893

PETROLEUM AT EGG LAKE.

Prof. Selwyn, director of geological surveys for the Dominion arrived on Monday's train and registered at the Alberta. This is Dr. Selwyn's second visit to Edmonton, the first occasion being some twenty years ago when he examined the Saskatchewan from the Rocky mountain house to Edmonton. On Tuesday he went out to Egg lake, 27 miles northwest of Edmonton, to examine the petroleum find there. He is fully satisfied that the find is genuine, but is not satisfied as to its extent. The petroleum sand has found there is identical with that found on the Athabasca and may be an extension of the beds existing there or it may be merely a mass detached from the tar sands of the Athabasca and transported to its present location by glacial action, ages ago. The lie of the country gives no indication in support of either theory, and there are no rock exposures to assist in deciding the point. The only way to decide the matter is by actual boring. Dr. Selwyn is desirous of seeing this commenced asson as possible. If this deposit should turn out to be an extension of the tar beds of the Athabasca it could hardly fail to be of the very greatest economic value. The indications here are just such as are found in petroleum producing regions the world over. But even these indications are not infallible proof of the existence of oil in paying quantities. That question can on be settled by actual test. Dr. Selwyn leaves for the east on Friday's train.

GENERAL NEWS.

Floods on the Welling river in China have drowned and killed 10,000 people.

King George of Greece abdicted the throne on July 4th and that country is now a republic.

The Regina Leader mentions the arrival of thirty-two German settlers at Regina. The Standard says they are Russian Germans.

A crop bulletin just published by the Manitoba government shows the acreage in wheat this year to be 1,003,640; in oats, 388,029; in barley, 114,762; in potatoes, 12,387. These figures show an average increase of about 20 per cent. over last year.

The marriage of Prince George of Wales to the Princess Victoria Mary Augusta Louisa Olga Pauline Claudine Anges of Teck took place on July 6th. The ceremony was as grand as might be expected on the occasion of the marriage of the future king and queen of Great and Greater Britain.

A negro named L. J. Miller was lynched at Barawell, Kentucky, on July 7th for having outraged and murdered two young white girls. The mob had determined to burn him alive as in the like case at Paris, Texas, but hanged him instead and then burned the body.

Regina Standard: School Inspector Hewgill returned a few days ago from Northern Alberta, where he had been on a tour of inspection. Being questioned in reference to the schools of that part, he said that considering the lingual drawback fair progress is being made. He thinks there was much need of inspection. In some schools little or no effort is made to teach English. In all such instances Mr. Hewgill pointed out what the law demands. He speaks very highly of the work done in the Roman Catholic School of which Sister Dillon, of the Order of Grey Nuns, is principal.

There is trouble in the executive of the Winnipeg exhibition over the question of allowing beer to be sold on the grounds. Contrary to practice on former occasions it has been decided on the present occasion to allow beer to be sold. This is strongly objected to by clergymen and others in all parts of the province. At a recent meeting of the executive the proposition to rescind the resolution permitting beer to be sold was defeated by a vote of ten to five, the latter including L. A. Hamilton, land commissioner of the C. P. R. who seconded the motion to rescind the permission to sell beer, on the ground that although he drank beer himself when *he pleased he wished* to see the exhibition made the greatest possible success.

BY-LAW NO. 48.

A By-Law to provide for borrowing the sum of $15 000 upon the credit of the Municipality.

Whereas it is expedient that there should be raised by the Municipality of the town of Edmonton the sum of $15,000 to enable the Municipality to erect a fire hall, to purchase certain fire apparatus required for the use of the Municipality and provide means for a suitable supply of water for purposes of fire protection.

And whereas the value of the rateable property in the Municipality, according to the last revised assessment roll is $664,464.00.

And Whereas the amount of the existing debt of the Municipality, other than for current expenses, is $19,540.55 (incurred in respect of local and permanent improvements) and $763.30 for interest thereon making together $20,263,85 whereof no part is in arrear.

And whereas it is expedient to borrow the said sum of $15,000 by the issue of debentures, the principal whereof shall be repayable in 20 years from the date on which this By-law takes effect and which shall bear interest in the meantime payable half yearly at the rate of five per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of $15,000 by means of a sinking fund as aforesaid, and the interest thereon as aforesaid is $1,293 65.

And whereas the annual special rate on the dollar required as being sufficient to pay the said interest and to create the said yearly sinking fund for the paying of the principal is one mill and eighty-two one hundredths of a mill.

Therefore the Municipality of the town of Edmonton in council assembled enacts as follows:

(1) This By-law is to take effect on the second day of July, 1893.

(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the said sum of $15,000 and may issue debentures of the Municipality in sums to that amount not less than $500 each, and repayable within 20 years from the said 2nd day of July 1893, with interest at the rate of five per cent per annum, payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the said principal sum of $15,000, a special rate of one mill and eighty-two one-hundredths of a mill on the dollar, over and above all other rates and taxes shall be levied (in the same manner and at the same time as the general municipal taxes) upon the whole rateable property in the Municipality in each year for the period of 20 years from the said 2nd day of July, 1893, being the period during which the said debentures will run.

(4) Wednesday the 10th day of May, 1893, between the hours of 9 o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for taking the votes of the electors for and against this proposed bylaw.

(5) A. G. Randall is hereby appointed returning officer and J. R. Michael deputy returning officer to take the votes at the said time and place.

(6) Wednesday the 10th day of May, 1893, at the hour of 6 o'clock in the afternoon at the town clerk's office, Edmonton, is hereby fixed as the time and place when and where the returning officer shall sum up the number of votes given for and against this proposed by-law.

Provisionally adopted in council this 12th day of April, 1893.

(sd) M. McCAULEY,
(L. S.) Mayor.
(sd) A. G. RANDALL,
Clerk.

Finally passed in Council this 26th day of May, 1893.

(sd) M. McCAULEY,
[L. S.] Mayor.
(sd) A. G. RANDALL,
Clerk.

Assented to, this twelfth day of June, A. D., 1893.

J. ROYAL,
(L. S.) Lieutenant Governor of the Northwest Territories.

NOTICE.

The above is a true copy of a By-Law passed by the Municipality of the Town of Edmonton on the 26th day of May, A. D., 1893, and approved by His Honor the Lieutenant Governor-in-Council on the 12th day of June, A. D., 1893, and all persons are hereby required to take notice that anyone desirous of applying to have such By-law or any part thereof quashed must make his application for that purpose to the Judge of the Supreme Court within three months next after the third publication of this notice, or he will be too late to be heard in that behalf.

Petroleum! PETROLEUM

For some months past it has been know that an important discovery of indications of Petroleum, had been made at Egg Lake, about 18 miles northwest of

Fort Saskatchewan

Some believed it and others did not. However, Mr. J. B. Tyrrell, of the Dominion Government Geological Survey, has visited the Lake, and satisfied himself that there are ample indications to warrant development operations being begun. (Vide, Edmonton "BULLETIN," of 1st Instant.) This being so—what do the Dominion and Territorial Governments, and also the Canadian Pacific Railway, propose doing about it? And when? All three are equally interested. It is the duty of every person in Northern Alberta to make the most of such an important discovery of mineral wealth in our district, and to keep things agitated until something is done to develop—or are we all dead to the advantages to be gained?

Half the population of Manitoba reside in the towns.

Serious riots occurred in Paris for several days before and after July 8th. The rioters were suppressed by the military.

On July 1st about 2,000 Chicago Canadians celebrated the day by a meeting and addresses. Carter Harrison, mayor of Chicago, addressed the meeting and was hissed for talking annexation.

Prof. Selwyn visited Moose Jaw and vicinity with a view to judging of the probability of the region being coal bearing. The Times says he reported favorably on a point about fourteen miles south of Moose Jaw.

In an editorial on the recent royal marriage the great and only Free Press speaks of "the Walses." This is equal to the best Chicago effort The F. P. is getting no better very fast. The old manager must be taking frequent holidays these times.

Albert Baumberger, who murdered six persons near Cando, North Dakota, on July 7th, was last seen at 8 o'clock twelve miles north, heading for the international boundary. His objective point is evidently Cartwright, Manitoba. He wore black pants, brown coat and vest and blue shirt; he is about 22 years of age; 5 feet 4 inches tall, of a stoutish build, and speaks with a German accent.

Morden Herald: When berry picking is in full blast, many people suffer from being "poisoned." This poisoning is caused by coming in contact with, or handling a small plant known as poison oak, though it is not of the quercus family at all. The plant is easily distinguished, grows on a single stalk, always having three leaves of an oval shape, pretty and enticing to look at. Avoid it as you would a snake. There are some who are poison proof, but most people are affected by it.

The Russian commission appointed to deal with the seizures of Canadian sealers in the North Pacific has reported that in the cases of the Warie, Rosie, Olsen, Cannolite and Vancouver Belle, although the vessels themselves kept outside the territorial waters, their boats were seen inside such waters, in some cases quite close to land, and ninety per cent. of the skins found on these vessels were females, showing they must have been caught close to the shore, as female seals do not go any distance to the sea while suckling their young. These seizures are held to be legal. In the cases of the Willie McGovern and Ariel (both owned in Nova Scotia), the commission finds that as their boats were not seen sealing in territorial waters the seizures should not have been made, although the skins found in these vessels were nearly all of females and must have been taken near shore. The Russian government intimates its willingness in the two last cases to pay an indemnity to the owners of these schooners. The unspeakable despotism of Russia seems to have a much better idea of fair dealing than the great and free republic to the south of us.

Peer of the Realm.

PEDIGREE

(3882) color, bay; four white feet; star on face; bred by John Sleigh, Strichen, Mains Strichen, Aberdeenshire; imported August, 84. Sire, British Emperor (1566). Dam, Rose of Strichen (3229). Sire of Dam, Old Times (578) by Lord Raglan (467) by Old Clyde alias Clyde Boy (574) by Scotchman (754).

DESCRIPTION.

Peer of the Realm is a beautiful rich bay, 16 hands 3 inches high, with a round compact body, short, fleshboned, muscular legs, nicely feathered. He has large circular feet of good quality, oblique pasterns, excellent action and mild temper. Peer of the Realm was shown at the spring show of the Royal Northern Agricultural society, held at Aberdeen, February 1884, where he gained the first prize, and was awarded the Kincardineshire premium, (£100) where he travelled the season 1884. Since being imported he won the second prize at the Dominion exhibition held at Ottawa in September, 1884, also first prize at the Clarke Agricultural show, and the first at the Darlington Agricultural show in 1885 and second in 1886. Also took the prize at Toronto Industrial, 1886, and Guelph Provincial Exhibition, 1886. First at Bathgate, N.D., at both spring and fall shows 1887.
